RE: EPR REGULATIONS, 2023

The Ministry of Environment and Forestry has received communication from the Attorney General concerning the above subject matter.

In their communication the Attorney General pointed out that there are various inconsistencies in several subsidiary legislations relating to Environment Management Act (EMCA), The Sustainable Waste Management Act (SWMA) 2022 and the Producer Responsibility Regulations (EPR) that need to be reviewed.

In this regard the Ministry has organized a meeting with the EPR Technical Team to review the regulations as guided. The meeting is scheduled to take place from 7th – 9th June, 2023 in Nairobi at a venue to be commutated at the earliest.

The purpose of this letter is, therefore, to invite you to the above meeting to participate and give the guidance and inputs regarding the review of the subsidiary legislations.

We look forward to your participation in this crucial review meeting to enable the finalization of the regulations.

Dr. Ayub Macharia
FOR: PRINCIPAL SECRETARY
